

Team Engineering

Your contact for Eastern Europe and Asia

Eastern Europe and Asia are the markets of the future

We support companies

- By establishing new markets
- By assisting the search for Sales Partners
- By building up production capacities
- By assisting in sourcing products and services

in Eastern Europe, Asia and other regions

Our subsidiaries in Eastern Europe, Asia and other regions

Since 1995 we are active in Eastern Europe and Asia and dispose of our own subsidiaries with experienced local staff. In Malaysia (near Singapur), in India (Mumbai) and in southern China we have business-centers, which are at your disposal for sourcing, **producing** and selling to your customers at low cost and risk.

Your opportunities are:

- Growing markets
- Low wages and low infrastructure-related cost
- Favourable sourcing opportunities
- High professional competence and motivation of experienced local staff
- Low taxes
- Grants and other government aids

Our performance at one glance
